Minigame system, fix task list 0801

Fixed the flow of the game screen

1) Correction points   →not resolved

Although it is a cow mark, you can see it by restoring the provided source on the WEB, but the linked image has an animation

Please add an animation as well

2) Correction points   →Resolved
This is a warning text on each page, but please change from English to Japanese.
Please list the warning texts on each page, we will prepare Japanese

3)Correction points   →not resolved
There is no button on the point display screen

Give points for this button movement

LAMP 牛さんめくり

あなたの得点は？

3点

クリックして
ポイントゲット

4）→not resolved
Processing after clicking the above button

add this screen
Dynamic display of username and score

※I have a PSD File

LAMP 牛さんめくり

ゲーム参加ありがとうございます

[WordPress-username] 様

今回の獲得 [3] 点を送ります

Fixed gameplay restrictions

5）→not resolved

No login restrictions

The game can be played without login restrictions

Points cannot be given unless the login information is linked.

Display a login warning if you are not logged in when you have completed entering the 4-digit code

Fixed 4-digit code management screen

1) About expiration date
I want to freely set the expiration date when the code is set

*Is there a 1-day limit now? "With this, you have to set it every day." more work for staff

https://youtu.be/bZGUCQbxhSc

2) Editing code
Screen disappears when editing

https://youtu.be/a0qUOPStGVc

Correction of score random number setting screen

1）There is no management screen for random number settings
It is mentioned in the task of the request

Request task 4
4) Management of lottery probability
1point
 3 points
5 points
10 points

結果	1点	3点	5点	10点
確率（%）	20	40	30	10

※確率は0から100の数値を入力

* Enter a value from 0 to 100 for the probability
